Nestled on a forested peninsula of Northern California's crystal-clear Lake Almanor, THE COTTAGES at Bailey Creek are today what California Alpine resorts once were –and a lot more.

“Stay and Play” Packages

THE COTTAGES at Bailey Creek are custom made for golf getaways. Each suite can be configured to accommodate couples or individuals with your choice of King or separate Twin-bed sleeping arrangements.

Our one bedroom Master suite has an additional pullout convertible sofa, which makes it perfect for lodging your favorite foursome.

Following a restful nights sleep, you will enjoy the luxury of preferential tee times and discount rates on green fees.

After your groups round (*or rounds*), they can recount the shots of the day in the comfort of their private suite while preparing dinner and refreshments in a full kitchen.

Within walking distance of the cottages is Bailey Creek's complete practice facility so overnight guests can work on their game as the sun comes up or until it goes down.
